

Worship during a time of Covid: Questionnaire

Dear Church Family,

During the last few months, as a church we have had to change our worshipping habits. Church authorities are now beginning to consider how we might be able to re-open our buildings. It will not be easy to do so, and we cannot promise that we shall return to church 'as we know it' anytime soon. It feels right at this point to review how our worshipping patterns have changed, and consider the new ways of 'attending church' that have supported our spirituality during this time.

There have been many different ways of worship available, and parish boundaries have become somewhat blurred. We are grateful that such a variety has been made available, and please feel assured that we feel no sense of disloyalty towards those who have found their 'spiritual home' at Salisbury Cathedral, HTB, or even Songs of Praise.

If you are able to answer the following questions as honestly as possible, that will help us to prepare for the months ahead. Completed questionnaires are to be returned to the Team Administrator who will collate the answers, which means that the questionnaire will give you an element of anonymity. Should you wish to discuss anything further, please fill in your name and contact details and one of us will be in touch.

With blessings from The Ministry Team
